

# Coordinator Managed Home Care Packages

*Better value care.  
Your way. At home.*

## What is a Home Care Package?

The Home Care Package program was established by the Australian Government to assist older Australians to live independently in their own home.

The program is designed to provide flexible, tailored support according to a person's health care needs. Funding is allocated after formal assessment and can include services to help a person stay:

### WELL AND INDEPENDENT

With personal care, nursing, and allied health support

### COMFORTABLE AT HOME

With cleaning, gardening, home maintenance and nutritional support

### CONNECTED TO YOUR COMMUNITY

With transport and social support services

Eligibility is assessed by the Aged Care Assessment Team (ACAT). If approved, you are allocated funding according to your care needs, helping you continue living at home. There are four levels of funding available under the Home Care Package program.

### HOME CARE PACKAGE FUNDING AMOUNTS

Level 1	Level 2	Level 3	Level 4
basic care needs	low care needs	intermediate care needs	high care needs

\*The above home care subsidy amounts are correct as of 1 July 2024.

### HOME CARE PACKAGE FUNDING AND BUDGET

The Home Care Package (HCP) Program provides coordinated care and services to older Australians who have been assessed as having age-related care needs.
